Profile

Full-Stack Developer with 2+ years of experience building scalable mobile and web applications. Skilled in React.js, Next.js, React Native, Node.js, Express.js, MongoDB, PostgreSQL, and Firebase. Experienced in full software development lifecycle — from requirements gathering to deployment — with expertise in API integration, OCR systems, and dynamic form management. Computer Engineering graduate with an active interest in AI and machine learning applications.

Education

Kathmandu University, Bachelor of Engineering: Computer Engineering **Aug 2018 – May 2023**

- CGPA: 3.57/4.0
- Coursework: Machine Learning, Artificial Intelligence, Statistics and Probability, Data Structures and Algorithms, Digital Signal Processing, Software Engineering, Advance Calculus, Linear Algebra, C, C++

Research Experience

Multilabel Classification of Images using MobileNetV2 **Feb 2022 – May 2022**

Active Learning Lab, Kathmandu University

- Implemented MobileNetV2 with pre-trained ImageNet weights, achieving **95% accuracy** on the test dataset
- Converted the model to **TensorFlow Lite (TFLite)** for deployment in a Flutter mobile app, enabling object recognition via camera, photo, or URL
- Integrated with **Firestore** to provide detailed, real-time information on detected objects

Professional Experience

Full-Stack Developer, *WebNep – Urlabari, Morang* **July 2025 – Present**

- Architected and deployed a full-stack grocery management system with customer and admin platforms, covering inventory, sales, payments, and credit, for a retail client serving 50–60 downstream businesses.
- Orchestrated product requirements elicitation, delegated tasks to a team of 4 developers, and coordinated deployment to ensure on-time delivery.

Software Developer, *Ramailo Tech – Gwarko, Kathmandu* **Sept 2023 – Jan 2025**

- Backend Developer – Contributed to FleetOS management system: 3rd party IoT APIs integrated for real-time vehicle data and OCR with regex for vehicle document extraction.
- Frontend Developer - Led the development of a Progressive Web Application (PWA) for survey management, implementing form creation for campaigns and surveys using Form.io.

React Native Developer, *E-Signature Pvt. Ltd. – Kalopul, Kathmandu* **July 2023 - Oct. 2023**

- Contributed to Mengedegna, a bus ticketing mobile application featuring multi-ticket booking, secure payment integration, and voucher code functionality
- Responsible for complete release cycle from internal testing to Google Play Store deployment of 'Mengedegna'.

Intern, *Nepal Can Code – Tinkune, Kathmandu* **Apr 2023 – Jul 2023**

- Developed React Native frontend for BayuPayu ERP's 3 major modules (E-learning, Expense Tracker, Ticketing) including UI implementation and API integration.
